Private Birthday Party

for 30 guests exclusively in the whole playroom

+ party requests by email only. Viewing is not possible without an appointment

+ Our party room is suitable for children up to 6 years old; older children are only allowed if they are siblings of the birthday child.

FAQ:

What does 30 guests mean?

It means the total number of people at the party. For example, 10 children + 8 adults = 18 guests.

Is there a maximum number of guests?

We've had parties with up to 60 people. For a more comfortable and relaxed celebration, we recommend up to 40 guests.

Can we extend the party on the day?

Unfortunately, last-minute extensions aren't possible.

What if the birthday child gets sick?

No worries. If the birthday child gets sick, we're happy to reschedule your booking.

Can we bring an entertainer?

Yes, of course. Just let us know when you make your booking.

Can we order pizza or bring our own catering? Yes, absolutely!

How far in advance should we book?

To make sure you get your preferred date, we recommend booking 2-3 months in advance during the winter months. During the warmer months, around 1 month in advance is usually enough.

Can we have more than 30 minutes to set up?

Please let us know when booking, as additional setup time isn't always possible. Extra 30-minute periods can be added for + €40 each.
